About the University

Baba Ghulam Shah Badshah University has come into existence by an Act of the Jammu & Kashmir Legislative Assembly called the Jammu & Kashmir Baba Ghulam Shah Badshah University Act No. XVI of 2002. The motto of the university is "Iqra bismi Rabbik alladi Khalaq" which means, "Read in the name of God who has created all that exists". It reflects the vision and idealism for which the university stands. The objective identified for the university in the Act is to impart quality education and undertake research in basic and job oriented fields.

About the Department

Department of Information Technology and Engineering (ITE) was established in 2007 and is one of the pioneer Departments of School of Engineering. Presently the Department offers a B.Tech programme of four years duration. Keeping in view the global scenario of Information and technology, the syllabus is timely updated with reference to the current state of art. The students are acquainted broadly with the knowledge based on the field of Information Technology including its evolution, current trends and future directions. We believe that there is no saturation of bright and brilliant students in the future and we strive to inculcate the requisite skills in the students and provide the overall knowledge to them, so that the students come up with balanced personality.

Aim of Conference

Information Technology has become an integral part of our daily life. It has served as big change agent in business and different aspects of society. Information Technology is the single, most rapidly changing and growing industry in the world. In this fast-paced world, technologies invented today may become obsolete tomorrow. Individuals within these organizations continue to face the challenge of developing and implementing the latest technology.

This conference aims to bring together innovative academicians, researchers, scientists and industrial experts in multi-disciplinary field and to provide a platform to acquaint & share new ideas on the recent trends in Information Technology. Further the conference will provide a platform for sharing innovation, knowledge & in-depth understanding of trends and challenges covering all areas of information technology.

Technical Education Quality Improvement Programme

Call for paper

Faculty members, researchers, research students, and industry professionals are invited to submit full length Research Papers on topics as follows but not limited to:

> Artificial Intelligence and Machine Learning

> Big Data

> Bioinformatics

> Computer Networks

> Cryptography & Security

> Business Intelligence

> Data Mining and Data Warehousing

> Image Processing

> Pattern Recognition

> Mobile Computing and Wireless Communication

> Natural Language Processing

> Software Engineering

> Human Computer Interface

> Cloud computing

> Neural Networks and Fuzzy Logic

> Green Computing

> Internet of Things

> Ubiquitous/ Pervasive Computing

> Data Analytics

> Deep Learning

For paper submission the following guidelines must be followed:

- > Abstract should not exceed 300 words
- > Maximum length of paper should not exceed six pages (two columns).
- > The paper should be typed as per IEEE conference format.
- > The paper in Word and PDF format should be emailed to ncracit2018@bgsbu.ac.in

Note: All accepted papers will be published in conference proceedings. Selected papers after peer review process will be published in International Journal of Scientific Research in Computer Science, Engineering and Information Technology. (UGC Approved Journal [UGC Journal No – 64718] www.ijsrcseit.com

At least one author of the accepted paper has to register.
