Applications are invited for filling a position of "Junior Research Fellowship" for the DBT supported grant entitled *"Studying the role of selected kinases and phosphatases in mitotic regulation and resistance to antimetabolic drugs and their relevance to gynecological cancers"*.

The position is for a period of 3 years, with renewals after every year, depending upon the performance of the candidate.

The details of the position are as the following:

Position	Eligibility
Junior Research Fellowship (JRF)	M.Sc in any field of Biological Sciences with 55% marks.

Candidates having some prior research experience will be given preference.

Interested candidates may submit the applications to the Office of the Department of Biochemistry and also send the soft copies to the following email: cbcs.andrabi@gmail.com.

The applications must be submitted by 25th July, 2025.

Sincerely

Principal Investigator
Deptt. of Biochemistry
